

We call on the city of Goslar, represented by Mayor Ms. Urte Schwerdtner, the City Council of Goslar, as well as the other politically and legally responsible institutions,

- to take immediate measures for the restoration and protection of the historical buildings, the movable cultural assets and the centuries-old trees along the Abzucht; and
- to provide for adequate flood protection of the old town without delay.

Furthermore, we call on all politically and legally responsible institutions:

1. to produce a complete inventory of the entire listed old town in terms of age, building condition and utilization;
2. to immediately carry out an inventory of the entire cultural property, including an inventory of cultural assets from the Hildesheimer Straße cemetery, and to list any losses identified in this context;
3. to initiate a significant strengthening of human resources of the Lower Monument Protection Authority in terms of capacities and expertise, commensurate with the scope and complexity of the monument portfolio, enabling it to perform the tasks assigned to it by law;
4. to introduce the following measures to support citizens:
 - information and awareness-raising as well as on-site advice on preventive measures and recognizable building defects;
 - in the search for suitable specialist companies and engineers,
 - advice on suitable building materials for the renovation of buildings.
5. to immediately initiate capacity-building measures in the field of building management in the city of Goslar for the renovation and maintenance of listed buildings;
6. to draw up a “World Cultural Heritage Management Plan” for the Old Town as a basis for future planning;
7. to create monument area or urban design statutes for the entire old town area, with a municipal funding program for determining restoration needs;
8. to ensure that a highly-qualified successor of the head of the city archive, who will leave at the end of 2024, will be appointed, and
9. to immediately relocate the historically valuable building files, as requested by the state of Lower Saxony; and
10. to carry out conservation measures for endangered architectural monuments and to inventorize and secure historical building materials.

First Signatories

Goslar, September 2024

Data protection notice: The personal data collected may only be processed for the signature campaign of the Goslar Old Town Initiative Group for the preservation and promotion of the Old Town.

All initial signatories agreed to the publication of their details. Purposes of data processing: Supporting the Altstadt Goslar initiative group to preserve and promote the historic centre. RGL: Art. 6 para. 1 lit. a GDPR. Storage period: All personal data will be deleted after completion of the campaign. Cancellation policy and right of appeal: You have the right to withdraw your consent at any time with effect for the future. Your rights as a data subject are information about the stored data, rectification and erasure, restriction of processing, right to object to processing. You have the right to data portability. Article 77 (1) of the General Data Protection Regulation (GDPR) grants you the right to lodge a complaint with a data protection supervisory authority if you believe that the processing of personal data concerning you is in breach of the GDPR. There is no automated decision-making. In general, all necessary provisions in accordance with Article 13 on the obligation to provide information when collecting personal data from the data subject are complied with to the extent necessary for this signature campaign. All persons named agreed to the publication of their data
